Hands at Work in Africa

## to help a vulnerable child in Africa.

Hands at Work in Africa is a non-profit charitable NGO striving to reach the most vulnerable in African communities, those who would not have been reached otherwise. Without access to food, education and basic health care, children are left extremely vulnerable. Therefore in accordance with international standards of child care, Hands at Work in Africa does not say it "cares" for a child until we are able to provide access to these three areas. Come and join the Hands family by giving a **monthly donation of \$15** to enable Hands to meet the needs of orphaned and vulnerable children.

### Food

Lack of a secure food source is a primary cause of vulnerability among Africa's poorest children, driving many to incredibly dangerous survival practices. Young girls across Africa are daily selling their bodies just to secure a plate of food.

### Education

Millions of orphaned and vulnerable children in Africa have no access to even primary education. Orphans are often forced to abandon school for a number of reasons: inadequate funds for school fees, caring for sick family members or younger

siblings, emotional distress, and discrimination. But education is the key to unlocking every child's given potential.

### Basic Health Care

Hands at Work in Africa improves the health of the most vulnerable through a suite of holistic activities delivered in the homes of sick and dying parents and of orphaned and vulnerable children.

"LET US NOT LOVE WITH WORDS OR TONGUE BUT WITH ACTIONS AND IN TRUTH." (1 JOHN 3)

Children participate in the daily feeding program at a Hands at Work supported care centre in South Africa.
